FEEL THE GREAT OUTDOORS

Introducing NatureClad Signature

Introducing NatureClad Signature, a premium cladding system featuring a contemporary rhombus profile with a striking shadow-gap effect. Combining modern aesthetics with outstanding durability, it offers a stylish, low-maintenance solution that enhances and protects buildings for years to come.

Like the wider NatureClad range, NatureClad Signature delivers the natural appearance of timber without the ongoing upkeep, making it an attractive option for both trade professionals and homeowners.

Key Features & Benefits

- High-definition woodgrain texture with an ultra-matt finish for an authentic timber appearance
- Supplied in practical 3 metre lengths, making handling and installation easier on site
- Wide 299mm board coverage to help reduce installation time
- Lightweight tongue-and-groove design for quick and straightforward fitting
- UV-resistant textured foil for long-lasting colour retention
- Waterproof for reliable weather protection
- Coordinating trims and joints available in matching wood-effect finishes
- Manufactured using 100% recycled PVC profiles
- EPD (Environmental Product Declaration) verified
- Fire tested to BS EN 13501-1, achieving Euroclass D classification

Designed for Today's Applications

NatureClad Signature is perfectly suited to fast-growing markets such as garden rooms, modular buildings, garden offices, and camping or glamping pods. Its versatile design also makes it an excellent choice for residential projects, including feature walls, extensions, and gable elevations.

The profile can be installed horizontally or vertically, giving customers greater design freedom while helping installers deliver the contemporary finishes increasingly demanded by the market.

Part of the Proven NatureClad Range

NatureClad Signature expands the popular NatureClad collection, which also includes:

- **Double Shiplap**
- **Double Feather Edge**
- **Shadow Gap**
- **Shadow Gap Plus**

Together, the range offers stockists a comprehensive selection of attractive, low-maintenance cladding solutions to meet a wide variety of project requirements.

Available in three colours:

Harvest Dune | Natural Driftwood | Ebony Wood

Premium Quality Ultra-Matt Finish
